Xiamen Emoka Health Science & Technology Co., Ltd was established in 2008, specializing in designing, developing, manufacturing and selling massage and healthcare products. Our manufacturing centers located at Xiamen city and belong to the EMOKA HEALTH TECHNOLOGY PARK.

In recent years, EMOKA has been actively exploring domestic and international markets, vigorously developing its own brands and stepping out of its own sales characteristics. Under the guidance of

continuous innovation concept, EMOKA has its unique design and R & D technology, excellent production capacity and rich manufacturing experience, prospering day by day. In the future, strive for the development of the company at the same time, we will combine the medical, beauty theory and technology into massager, adhering to the principle of "high-quality products, keep improving, create health and benefit mankind", making contribution to human health so as to let EMOKA deep into every family.

Our Presence Worldwide

We've obtained American FDA, BSCI certifications and ISO / 9001, ISO13485, ISO14000 quality system certifications. All products can pass FCC / CE / GS / RoHS / REACH test.

We are EMOKA Our Core Values

The design concept is a combination of innovation, life and technology, from design, development to manufacture.

High quality

EMOKA staff is not only to create products, is a unique individual, we have kinds of skills and experience, this allows us to offer more quality products, help people better understand EMOKA.

Customer Service

Transformation & innovation is our way of life, our products and production processes is following the strict environmental standards, to provide customers with satisfactory service.

Realize promise

Customer value and customer satisfaction is our eternal pursuit. EMOKA is committed to meet customer demand, realize the commitment to global customers, providing high quality products make you satisfied.

Fun

We also feel it's important to have a sense of humor. We like to laugh it makes our work that much more enjoyable. We also invest in community and company events that help our employees and their families feel a connection to Workday beyond business as usual.

Profitability

Long-term economic success is what helps us provide employees and customers with the best productivity tools, solutions, and services. While important, profitability is not why we exist. Simply put, at Workday we exist to make and provide great products and services.

Public benefit activities

Emoka always adhering to the business philosophy of mutual assistance and altruism, we strive to innovate and develop enterprises while fulfilling social responsibilities and responsibilities. Grateful feedback, carry out the "Double Ninth Festival" activities. Donated the healthy products to respect the elderly people.
